Gerry-Lenroot Amendments Adopted 35 to 31 In Senate.

Seventy-three million dollars more was laid yesterday upon the broad back of wealth. By a vote of thirtyfive to thirty-one, the Senate adopted the "Lenroot" amendments, imposing much higher taxes upon individual incomes than the Senate Finance Committee had planned.

An hour earlier seventy-four Senators, opposed by no dissenting voice, had accepted the radical "Gerry" amendments. These taxed incomes of more than \$500,000 thirty-five per cent, of more than \$750,000 forty-five per of more than \$750,000 forty-five per cent, and of more than \$1,000,000, fifty per cent. The big drive on wealth began early in the day. Speeches by Senators indicated that the minds were bending towards making corporate and individual incomes pay the cost of the war. When the votes came, the results were not unexpected.

Church Gives to Both. New York, Aug. 22.-Pope Bene dict's peace message to the belliger-ents lends interest to the fact that Catholics among the central powers are outnumbered almost two to one Roughly, the central powers have

55,900,000 Catholics and the entente Allies 100,000,000. The Pope is the spiritual leader of about 287,000.000. Catholics living in the principal belligerent countries are divided about as follows: United Kingdom 5,600.000

NOT RELIGIOUS WAR;

CHURCHES DIVIDED

France 38,000,000
Germany 20,000,000
Austria-Hungary 35,900,000 Belgium Russian Poland 12,000,000 Canada Total

From this total allowances must be made for the Catholics of overrun Poland and Belgium, who are not in position to be belligerents.

This is certainly not a religious war. Not only do Catholics and Protestants fight on each side, but Germany's Mohammedan Turkish allies are opposed by millions of those who pray, looking toward Mecca, owing political allegiance to Great Britain and Russia. India and the Caucasus and other southern portions of Russia have produced tens of thousands of fighters against Prussian autocracy.
